Dear All,

At a meeting of Cardonald Bowling Club management committee this evening (Tuesday 17th Mar) it was decided that the club will cease any social gathering with immediate effect and will close as of Monday 23rd March until further notice. We will review the developing situation on a monthly basis.

Given the advice from UK Government re the spread of COVID-19 (the Coronavirus) we feel this is the best course of action to prevent social contact and protect the health and wellbeing of all our members, many of whom fall into the categories described as vulnerable. The committee advise that members should not attend the club until this situation changes.

Bowls organisations with whom we are involved are stating that they are postponing and suspending activities until further notice, as are other bowling clubs. We all face the same regretful and unwanted decisions due to the ongoing public health situation.

The club will reduce its outgoing costs via reduction in activities, but there remain operating costs necessary, and fees for the season fall due at the usual time. Members may post a cheque, or may pay into the Club account – details can be had from the club secretary.
